

ALC & MRC Operation Makeover Project

On Sunday following services members of the Abundant Life Center partnered with MRC to go out into community and help cleanup 12 properties. Our tool trailer was actually inside the church!

A table was set up for each house with needed tools, instructions, address & contact info along with survey for each house. Then they went out and started working!

While 12 homes were improved, several were all together near 65th Avenue & Weldon. In all about 125 people participated, then went back to church for luncheon. The goal is to do a set of homes on the first Sunday of each month!

MRC Maryvale Cre8s Day 2 at Abundant Life Center

Day 2 of 3 Sunday afternoons of Maryvale Cre8s at ALC. The figures are brought in and instructor Ruben Hernandez starts giving instructions on the activities of the day.

The teens mixed their own paints to create the color schemes for their figure. Then the painting begins. This is some of the paint donated recently by Danny White Painting.

Final work will be done next Sunday, March 9 at 130pm at ALC. Above you see teens working on Eric Clapton and Jimi Hendrix.
